

Laurent Vuibert, MBA, CPCC, PCC Individual and Team Executive Coach Singapore

Laurent is an Individual and Senior Team Executive Coach holding PCC accreditation from the ICF. He empowers purposeful leadership transformation for organizations and sectors, which enable societal evolution by practicing conscious and courageous leadership across their many contexts.

// Leadership Profile

Laurent Vuibert brings with him twenty years of experience facilitating transformation in China, South East Asia and Europe. Prior to coaching, he held senior Commercial and Strategic roles working with game-changing business leaders and entrepreneurs in built-for-scaling companies in industries such as Entertainment, Distribution, and Shipbuilding. As a senior executive coach, he focuses on organizations which enable societal evolution by practicing conscious and courageous leadership.

Laurent professional and personal journey has been marked by a succession of clear invitations to engage in adaptive challenges, requiring him to transcend his existing beliefs and perspectives in order to respond to the apparent complexity at hand.

The conscious exploration and development of authentic leadership disciplines to meet increased environment complexity at individual and systemic level drive Laurent's practice today. He supports leaders in Technology, FinTech, Chemistry, Energy, Media, NGO and intervenes across geographies including Asia, Europe and Africa.

Laurent is French and a Permanent resident in Singapore. He is active in the development of his industry and is the co-founder of a tech start-up empowering his clients and colleagues. He is Faculty for the Coach Training Institute, a pioneer and leader in leadership development, and sat on the Executive Committee for the International Coach Federation (ICF) for two years.

In his free time, Laurent cultivate grounding for performance and centering practices such as Ashtanga yoga and Vipassana meditation, but his biggest teachers remain his two daughters.

"Courage is rightly esteemed the first of human qualities . . . because it is the quality which guarantees all others."

Winston Churchill
